Indiana University Health

Firstline®

Fighting antimicrobial resistance from the palm of your hand

We are on a mission

Our Commitment

Indiana University Health is putting antimicrobial stewardship in the hands of every provider to achieve better outcomes for all Hoosiers.

With you, we win

As a prescriber of antibiotics, your decisions have a profound effect on the people we love and care for.

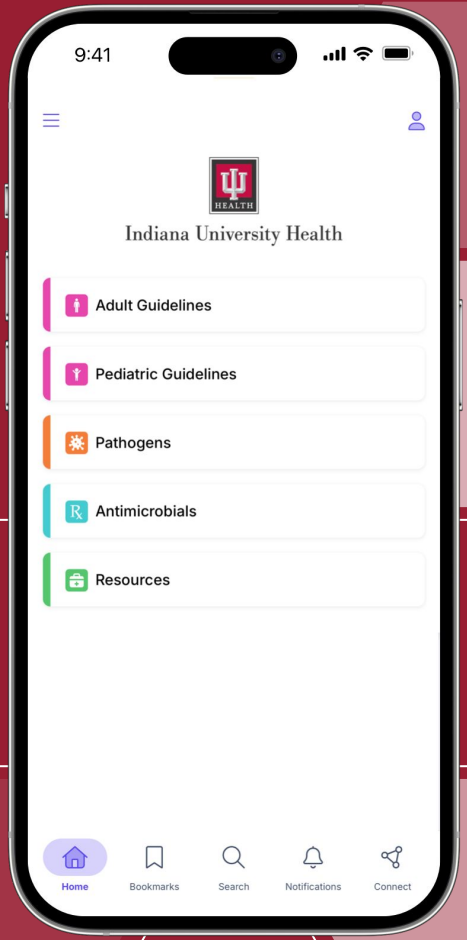

Get ready to mobilize and fight AMR together!

Indiana University Health

Deliver a stronger dose of antimicrobial stewardship

Effortlessly tap into our local infectious disease guidance and antimicrobial dosing information in seconds with Firstline.

Indiana University Health

Prescribe with purpose

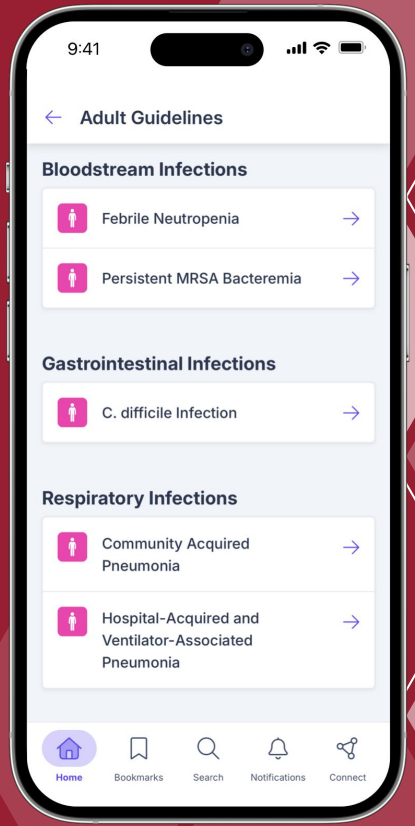

- Make better decisions for better patient outcomes - protect the people you love and care for
- Reduce the burden of antibiotic-resistant infections on our health system
- Minimize adverse events, HAIs, and long-term complications associated with unnecessary antibiotic use
- Save consults for complicated cases

Indiana University Health
